

Kellogg's

Kellogg's brief was to refresh their existing office to achieve a modern, ergonomic, fun, energizing and functional workspace that reflected their brand essence.

In addition to refurbishment of the open plan desk areas and meeting rooms, Summertown created extra collaboration areas, and a large pantry that converts to a general meeting space that can accommodate all staff for 'town halls'.

Kellogg's

Kellogg's contracted Summertown based on its extensive commercial office project experience, well thought out practical design and ability to deliver on time and within budget.

Summertown's design also incorporated a functional boardroom featuring crafted wood paneling to showcase their awards, and encase the communication technology.

Using our process driven approach the result is a fresh, functional workplace that enables Kellogg's to collaborate and meet in a rejuvenated environment.

Kellogg's

Founded in 1906 Kellogg is the world's leading cereal company; second largest producer of cookies and crackers; a leading producer of savory snacks; and a leading North American frozen foods company.
